

CONLEY EQUIPMENT COMPANY, LLC.
ISO 9001:2000 Quality Certified
METAL WORKS DIVISION

**THE EXPERTS IN COST EFFECTIVE, QUALITY
CUSTOM METAL FABRICATION™**

OVER 25 YEARS OF SERVICE WORLDWIDE

Conley Equipment Company, headquartered in Denver, Colorado and Mexico City, Mexico, engineers, fabricates and integrates best of class power products supporting telecommunication companies (wireline and wireless), Cable/broadband companies, electrical distributors, utilities and local and federal transportation departments. Our products and services are a crucial segment of each of these industries throughout the United States and Latin America. With a state of the art 20,000 square foot manufacturing facility in Mexico City, Conley Metal Works is now manufacturing custom enclosures, custom bus bars, relay racks, cabinets and many other metal products supporting the telecommunications and power industry.
